The quick brown fox jumps over the lazy dog

pL Your bones don't break, mine do. That's clear. Your cells react to bacteria and viruses differently than mine. You don't get sick, I do. That's also clear. But for some reason, you and I react the exact same way to water.

p Like you, I used to think the world was this great place where everybody lived by the same standards I did, then some kid with a nail showed me I was living in his world, a world where chaos rules not order, a world where righteousness is not rewarded.

pl Like you, I used to think the world was this great place where everybody lived by the same standards I did, then some kid with a nail showed me I was living in his world, a world where chaos rules not order, a world where righteousness is not rewarded.

A Pest Control Plan Catered to Your Needs

Metro Pest Management bases its pest management recommendations on your unique needs. Our professionals do not use a "one size fits all" approach. We work with you to choose the best exclusion techniques, mechanical measures, and pesticide treatments to control pest problems. Take a look at our [Four Point Protection Plans](#), to see how we can protect your home.

South of the River for over 20 years

Metro Pest Management has been operating south of the river for 20 years. There are only a handful of major pest problems in our south metro area. It is because of this, we have been able to simplify the service process. We can handle your assessment and education over the phone, thus eliminating the Sales Inspection. We can take care of your pest problem while you're at work so you have more time for your day.

Safety is Our Prime Concern

At Metro Pest Management, we care about the health and safety of your family. We will discuss your needs and together we will find the best application methods to serve you.

Metro Pest Management is pleased to offer its customers a choice of Eco-friendly or green pest management alternatives. While all of our materials are EPA certified, we know that some customers want more Eco-friendly options.

Please call us for more details.
